1. Background

The Department of Public Expenditure and Reform leads policy development and implementation activities in respect of Ireland's Open Data Initiative across the wider Public Service. The Open Data initiative is a key part of the Public Service's reform activities. It is closely aligned with the Public Service Reform Programme, the eGovernment Strategy, the Public Service Data Strategy, the Civil Service Renewal Plan and the National Data Infrastructure.

A national [Open Data Strategy for 2017-2022](#) was published in July 2017. The vision is for Ireland to be a leader in Open Data and to create an environment where the economic, social and democratic benefits of Open Data are recognised and realised. Implementation of the Strategy aims to create an environment where by opening up government data, new opportunities for research, innovation, transparency, engagement and greater efficiency are delivered and realised by public bodies, businesses, researchers and citizens. Two core objectives of the Strategy are the publication of high value government data in open format, making it publicly available and freely reusable; and engaging with a broad community of stakeholders to promote its social and economic benefits.

A national Open Data portal, data.gov.ie, is in place since 2015 and provides access to official government data in open format. The portal currently links to approximately 9,000 datasets from over 100 publishers.

2. The Open Data Governance Board

To ensure that the Open Data Initiative is underpinned by strong governance structures, an Open Data Governance Board (ODGB) was established in 2015. The Board provides strategic leadership and governance in line with international best practice in the area of Open Data. It is tasked with considering how to improve the capacity and capability of public bodies in implementing Open Data, and considering opportunities to maximise the value of public sector data and information for long-term economic, social and democratic benefits. The Board is also overseeing implementation of the national Open Data Strategy 2017-2022 in conjunction with the Department of Public Expenditure & Reform. The Terms of Reference of the Board are available [here](#).

The ODGB is supported by a Secretariat located in the Public Service Reform Delivery Office in the Department of Public Expenditure and Reform.

Current membership of the Board is available [here](#). Minutes of previous Board meetings are available on the national [portal](#). The Minister for Public Expenditure & Reform is seeking expressions of interest for two members of the Board who can make a substantive contribution to the delivery of the Board's objectives.

3. Person Specification

The Minister for Public Expenditure and Reform invites applications from suitably qualified candidates for membership of the ODGB.

5. Submitting your expression of interest

Your submission should be made by email to opendata@per.gov.ie together with your **Curriculum Vitae** and a **cover letter** outlining, with reference to criteria at 3 above, the specific expertise you would bring to the role of a member.

IMPORTANT NOTE

Please take care when submitting your expression of interest. As the Assessment Panel will generally make its recommendation(s) based on consideration of the documentation which you submit, it is most important that you ensure your Cover Letter (and supporting CV) clearly specifies how your particular background and experience meets the requirements of the Board position(s) specified in this booklet.

6. Assessment Process

An Assessment Panel (the “Panel”) will be convened by the Department of Public Expenditure & Reform to consider and assess the expressions of interest. The Panel will:

- review and discuss the expressions of interest received against the specific appointment criteria for the role;
- assess potential appointees further, once they meet the specified appointment criteria, by undertaking any or all of the following steps:
 - Consideration of the written applications; and/or
 - Meeting/conference call; and/or
 - Referee checks;
 - Any other selection method deemed appropriate.
- compile a list of people deemed suitable for appointment which will then be sent forward for consideration by the Minister.
